

## **Presentation Guidance for vPUK20 – Focused Symposia**

This guidance provides you with the information you will need to put together your presentation for vPUK.

### **Focused Symposia**

We have provided you with a PowerPoint first slide that you will need to display at the beginning of the presentation. Please note that after this slide you can continue to use your own branded PowerPoint. An example of the slide is here:

We have asked all Focused symposia to acknowledge the celebration of the CSP's Royal Charter by give a brief reflection on the topic you are discussing: where we have come from to where we are going now.

We have also tagged focused symposia sessions which relate to the CSP strategic priorities, if your session has been tagged you will have been informed of this and you can see the tag on the on-line programme next to your session's title. If one of your

sessions has been tagged you will also have the following displayed on your Title slide:  
#CSP Priority, CSP Strategy: *Priority area*. Please see below for an example:

You should have already received your slides, if you haven't please contact us at:  
[Physiotherapyuk@csp.org.uk](mailto:Physiotherapyuk@csp.org.uk)

### **PowerPoint Requirements:**

- Please use wide screen format
- PowerPoints must be under 30mb
- PowerPoint can not contain any video\*, sound clips, transitions, animations or slide effects as these will not show and the slide will appear blank
- You must upload and book mark your final presentation a week before the conference.

\*If you wish to use any interactive tools or show a video please can you flag this up with your theme lead so that we can explore this to see what is feasible via the platform.
